Our Fees

The actual fee charged to you will depend on the nature and scope of the advice or service we provide. We will discuss and agree the actual fees with you before we proceed and explain how they are payable. There is no charge to you for the production of an investment plan.

Implementation Fees

A fee for initial (and any additional) funds invested is charged by Alistair Bean & Associates - Financial Advisers. This fee represents the expertise, knowledge, market research and administrations involved in creating and establishing a tailor-made investment portfolio individually created for you. This fee can be added to or deducted from your initial investment and will be deducted from the Portfolio's Cash Account upon proceeding with investment.

Fees are calculated based on a percentage of the total Portfolio value. The charged percentage fee for each dollar invested is determined according to the following ranges:

| PORTFOLIO SIZE | FEE RANGE |
|---------------------------|--------------------------------|
| \$0 - \$249,999 | 2.00% of total amount invested |
| \$250,000 - \$499,999 | 1.50% of total amount invested |
| \$500,000 - \$999,999 | 1.25% of total amount invested |
| \$1,000,000 - \$4,999,999 | 1.00% of total amount invested |
| \$5,000,000 + | Implementation Fee negotiable |

This means that, based on an assumed Portfolio size of \$250,000, an implementation fee of \$3,750 will apply.

Monitoring Fees

This fee represents the ongoing management and monitoring of your investment portfolio on a day-to-day basis. The fees for this service are 1.40% per annum (plus GST) of the total Investment Portfolio Value. These fees are calculated daily, charged monthly and deducted from the Portfolio's Cash Account.

This means that, based on an assumed Portfolio size of \$250,000 at 1.40%, a monthly fee of \$291.66 (+GST) will be payable for monitoring.
